

St. Matthew 25 Care & Share Soup Kitchen

Issue #20 Feb.—Mar. 2016

FOR I WAS HUNGRY AND YOU GAVE ME FOOD. I WAS THIRSTY AND YOU GAVE ME DRINK. Matthew 25:35

February 9, 2016

Dear Soup Kitchen Supporter & Benefactors,
You know the old adage, "Nothing lasts forever", well that is what is happening to our grease (trap) interceptor. Eight years ago, we installed a brand new galvanized (trap) interceptor; which has since developed a leak due to rust. So we have to replace it. The new one will cost the soup kitchen around \$3400.00.

Since we are a non-profit organization this cost hits us where it hurts-in the Soup Kitchen check book. This money will be taken out of the money budgeted for our main staple—supplies for soup.

To offset the cost of the new grease (trap) interceptor-we are asking our supporters to consider making a special donation to help pay for this repair. We truly appreciate any donation received.

Sincerely,
Steve Schilling

(St. Matthew 25-Manager)
